Organizing Committee of the Conference on International Exchange of Professionals

17th Conference on International Exchange of Professionals Invitation Letter

To the relevant organizations and institutions:

Upon approval, the Ministry of Science and Technology of the People's Republic of China (State Administration of Foreign Experts Affairs P.R. China) and the Shenzhen Municipal People's Government are scheduled to hold the 17th Conference on International Exchange of Professionals (CIEP) in Shenzhen from April 14 to 15, 2019. Geared to the purpose of "Cooperation, Innovation, Development", this conference focuses on technological innovation and optimizes integration of resources. This conference consists of 25 items in 9 sectors including the opening ceremony, Shenzhen Forum, exhibition and negotiation, professional conferences, guest country, "Pitch@Palace China", international innovation and entrepreneurship competition, parallel sessions, awards, and online platform. The conference covers, inter alia, exchange of resources, talent recruitment, summit forum, and special seminars, and creates an integrated and international platform integrating talents and project transactions in an endeavor to promote the global talents to share development opportunities in China.

Participants include science and technology bureaus (State Administration of Foreign Experts Affairs P.R. China) in the provinces, autonomous regions, municipalities directly under the Central Government and sub-provincial cities, Xinjiang Production and Construction Corps Science and Technology Bureau (Administration of Foreign Experts Affairs P.R. China), the State Council's relevant ministries and commissions, directly affiliated institutions, the departments of group companies in charge of introduction and management of professionals and relevant departments; demonstration and promotion bases for talent introduction; project units

for introduction of software and integrated circuit talents; domestic and foreign scientific and technological service organizations, human resources service organizations (including expert organizations, training channels); operation and investment institutions of domestic and international industrial parks, and well-known enterprises at home and abroad; institutions of higher learning and research institutes; foreign experts and various types of overseas professionals; human resources research experts and scholars at home and abroad; students studying abroad and their groups; representatives of overseas students' venture parks and venture capital institutions. According to preliminary statistics, more than 100 events will be held during the conference. Over 40,000 representatives from 4,000-odd professional organizations in more than 50 countries and regions, including government officials, experts and scholars, and high-end talents, are expected to attend the conference.

As the first international talent exchange event geared to science and technology innovation since the Ministry of Science and Technology has been re-established, this conference is of great importance. We cordially invite your organization to participate in the conference. The participants will be registered at the official website of the conference (www.ciep.gov.cn) or the official WeChat account of the conference. The schedule, content and other information on the conference are subject to the final release on the official website of the conference.
